Afterschool Science Explorations 2009-10

APPLICATION FORM

Name of Afterschool Program _____

Name of School/Location: _____

Address _____

City, Zip _____

Number of children in grades 2-4 who would regularly participate in Sunflower activities: _____

Number of children in grades 4-8 who would regularly participate in AXIS activities: _____

Will the staff who lead Sunflower and/or AXIS activities attend half-day morning training workshops in September 2009 and January 2010 and provide feedback to INCRE on their use of the Sunflower and AXIS units?

YES

NO

Will your program be able to contribute any funds to help cover project costs in 2009-10?

YES

NO

If YES, how much? _____

Please note that the cost of providing materials, workshops and site visits for two Sunflower and AXIS units for an afterschool program with 48 children is approximately \$2,500. Given limited resources and strong demand, any funding your program can contribute in 2009-10 will enhance your chances of being selected and will also enable more programs to participate. However providing a contribution is not a pre-requisite for participation.
